

I purchased XM Satellite Radio and gladly pay my fee for the purpose of not having to listen to advertisements and garbage that is on the air waves today. Currently traffic is not available in my area but when and if it is I will welcome it. It is my choice to listen to what I want to listen to and it is a shame that I have to pay for quality broadcasting, but because I do so, I don't think anyone has anything to say about what services they are adding to benefit their listeners.

I respectfully urge you to reject NAB's petition 04-160.

Thank you.

Ronald Lodriguss Jr.
